Associate Degree in Computer Science
Grossmont and Cuyamaca College
- **Key Coursework** Key Coursework: Precalculus, Calculus I, Calculus II, Discrete Mathematics, Principles of Physics, Principles of Physics Lab, Principles of Physics II, Principles of Physics Lab II, Intermediate Computer Programming, Introductory Psychology

CERTIFICATIONS

JavaScript, React, Node.js, HTML/CSS, Git & GitHub, MERN, Terminal Bash & VIM Certifications	**Udemy, Inc.**

PROFESSIONAL EXPERIENCE

Front Desk Receptionist   02/2018 – 03/2022
Allied Universal Services – San Diego, CA
- Handled front desk inquiries, monitored surveillance using security software, and issued digital IDs and access credentials.
- Used Excel to track employee attendance and Word to prepare HR reports, supporting employee recognition and attendance programs.
- Coordinated meeting schedules and conference room bookings through Outlook, while creating PowerPoint presentations for business communications and events.
- Managed digital document storage and retrieval systems, ensuring secure and efficient access to key records using cloud-based solutions

PROJECTS

YARIGA - Real Estate Management App- {Refine, React, Node.js, Express.js, MongoDB, Cloudinary, Netlify}
Developed a full-stack app for property listings with image upload, secure authentication, and role-based access control. Integrated Cloudinary for image management and created a responsive UI for browsing and managing properties.

Watch Movie - Movie Web App {React, Redux Toolkit, RESTful API, CSS, Netlify}
Built a movie web app with real-time search, filtering, and third-party API integration. Managed state with Redux Toolkit and optimized UI with custom CSS and media queries.

Cara Clothes Shopping - E-commerce Web App {HTML, CSS, JavaScript}
Created a responsive e-commerce platform with dynamic search, interactive product catalog, and real-time shopping cart. Enhanced performance using JavaScript and CSS.
